

Request to Transfer Credit to Richmond Graduate University

Students with coursework from another accredited graduate institution may request to transfer credit to Richmond. The number of credit hours and the specific courses that may be transferred are limited to protect the student's best interest as well as the integrity of Richmond's programs.

Transferred credit will only be recorded for current Richmond students. Prospective students may complete this packet and receive a preliminary review of the credit that may be formally accepted when they begin the program. Current Richmond students who desire to enroll in a class at another institution and transfer it back to Richmond are encouraged to complete this packet beforehand to receive a preliminary review of the credit contingent upon receipt of an official transcript demonstrating receipt of a proper grade.

The courses under consideration for transfer must have been taken at the graduate level from another institution or university accredited by the regional agency recognized by CHEA for their location. If the program was comparable in mission, content, and focus, a maximum of one-third of the total hours required for the respective Richmond graduate degree may be allowable as transfer credits.

Credits to be transferred may not have been earned more than seven years prior to the enrollment date of the student at Richmond. If the student discontinues studies at Richmond for more than one semester, the eligibility of the credits may need to be re-evaluated. Quarter hours earned will be converted to semester hours for the purposes of recording on the transcript. The credit hours recorded on the transcript will be the credit hours earned at the other institution or the amount earned at Richmond, whichever is less. Students must earn a B grade in any course that is to be evaluated for transfer; however, a pass (P) grade will be recorded on the Richmond transcript. Courses taken via distance-learning or an online format will be considered but will be subject to a greater level of scrutiny. Transfer credit is not included in the computation of the grade point average at Richmond.

The decision to allow credits to transfer is made by the Director of Records in conjunction with the Office of the Dean of the School of Ministry.

Steps to Follow:

- 1) Consult with your advisor before requesting transfer of credits earned *and* before taking additional graduate courses at another institution that you may wish to transfer to Richmond.
- 2) Obtain and complete the “Request to Transfer Credit” packet. Submit the completed packet, including the enclosed form, official transcripts, and catalog course descriptions or syllabi to the Director of Records. Incomplete packets will be returned to you. Please allow thirty days from the receipt of your packet to be notified of a decision.
- 3) The packet will be reviewed and you will be notified in writing by the Director of Records regarding the decision. An unofficial transcript will be enclosed with this notification showing the recorded credits. Please allow thirty days from the receipt of your packet to be notified of a decision.
